FAQ

1.WHO IS THE RIGHT CANDIDATE?

The BTL EXILIS treatment is ideal for any patient between the ages of 21 and 70+ looking for cosmetic improvement on their face and body. Common areas of treatment include the eye area, around the mouth, chin area, jaw line, décolleté, arms, legs, knees, ankles and buttocks, abdomen, love handles, and the intimate areas.

2. IS THE PROCEDURE SAFE?

The BTL EXILIS meets strict safety standards. The embedded Energy Flow Control system ensures that the exact amount of energy is delivered during the treatment. The integrated cooling allows your provider to target heat to proper skin depth to achieve the best results, while maintaining patient comfort. The safety and efficacy of the therapy have been thoroughly tested in several clinical studies.

3.HOW MANY TREATMENTS DO I NEED?

Your BTL EXILIS provider will tailor the best treatment plan based on your individual needs. Most patients undergo between 2 to 4 treatments scheduled on a weekly basis. Each treatment of a specific body part usually takes between 15 to 30 minutes. This can vary depending on the treated area, treated indication, and other factors.
